AMERICAN COTTON ASSOCIATION OFFICIAL CONDEMNS WARNING TO GIN OPERATORS

SCHOOL SITUATION TO BE DISCUSSED AT BANQUET HELD TUESDAY EVENING

President of Board And Superin-
tendent Cowart Will Make
Addresses

SURPRISE PROMISED BY
LADIES' COMMITTEE

Musical Program at Big Feed
is to be Entertaining
Feature.

What promises to be one of the
most important, as well as the most
entertaining of the Albany Chamber
of Commerce banquet meetings will
be given Tuesday night at 7:00 o'clock
in the auditorium of the Chamber of
Commerce.

At this meeting the school situa-
tion of Albany will be the principal
discussion of the evening. This is a
matter that every citizen of the city
has been very much interested in for
the past few weeks and it is thought
that at the meeting tomorrow night
the first gun will be fired towards
building up Albany's educational fa-
cilities so they will be the greatest in
Alabama. This matter will be pre-
sented to the Chamber of Commerce
membership by the President of the
Board of Education and Professor R.
W. Cowart, Superintendent of city
schools.

In addition to the business coming
before the membership tomorrow
night, it has been announced that
some "real music" is also on the pro-
gram as a part of the entertaining
features.

Ladies Plan Surprise

The ladies of the Central Methodist
Church, who will have charge of
serving the banquet at this meeting,
will also take a hand in the entertain-
ing features of the meeting for they
are planning a great surprise. So
far all efforts to find out just what
the ladies are going to do have been
in vain as they will not divulge one
word.

However, it has been discovered
they have delivered instructions to
Secretary Manager McDaniel which is
in the form of an "ultimatum" that
not a "single" man shall even get as
much as a "peep" into the auditorium
where the "eats" will be served be-
fore the doors are opened to every-
one.

Nothing is said about the married
men, so it remains a mystery which
one is going to be the "goat." The
only way to find out it was pointed
out, is for everyone to be there
promptly at 7:00 o'clock when the
doors are thrown open—and, "don't
forget to bring your appetite along."

ENUMERATION OF PRECINCT 1 NOT COMPLETE, CLAIM

The claim that sections of Precinct
1, including Decatur, were not enu-
merated were made today following re-
ceipt of figures showing the total of
the census count in that precinct to
be 4,752, a decrease of 93.

It was stated this afternoon that
the census department has been in-
formed that sections of the precinct,
outside the corporate limits of De-
catu, were not visited by enumerators
and the government has been asked to
recheck the territory. When all of the
inhabitants of the precinct are counted,
it is claimed, a healthy increase
will be shown.

Ward figures for Albany were an-
nounced here today as follows:

First ward—1396; second ward—
2303; third ward—1312; fourth ward
—2141.

Women to Vote To Keep Pledge, is Belief of Cox

(International News Service)
DAYTON, O., Oct. 4.—"The wo-
men of America will vote to keep
our pledges to the 81,000 heroes
whose blood has crimsoned the
poppies in Flanders," Governor J.
M. Cox told an audience of Demo-
cratic women here today. "They
will vote for the limitation of ar-
maments, the arbitration of disputes,
the publication of secret treaties,
the amelioration of distress and the
elevation of labor conditions to
higher standards," the Governor
said.

"In a word," he continued, "they
will vote for the league."

REV. WILKS RELATES OF BIBLICAL KICKER WHO WAS CURED, IN HIS SUNDAY SERMON

Large Congregation Heard the
Baptist Pastor at His
Evening Address.

WOUNDED PRIDE CAUSE
OF MANY COMPLAINTS

Hearers Urged to Accept Sim-
ple Plan of God for
Salvation.

Increased attendance at the Cen-
tral Baptist church services has been
marked for the last few weeks, and
yesterday's services were no exception
to the rule. One of the largest Sun-
day night congregations of his pas-
torate heard Dr. Wilks last evening
when he spoke on "A kicker who was
cured," taking as his text:

"But Naaman was wroth, and went
away, and said, Behold, I thought, he
will surely come out to me, and stand,
and call on the name of the Lord his
God, and strike his hand over the
place, and recover the leper." II
Kings 5:11

Besides the usual congregational
singing as led by the choir, the beau-
tiful solo: "I sing because I'm happy"
was rendered in an inspiring manner
by Mrs. Frank G. Cook. Dr. Wilks
held the undivided attention of his
hearers, saying in part:

"Paraphrasing a striking statement
of Jesus, we can well say, 'The kick-
er we have with us always.' Every na-
tion, state, community, party, school,
and church can count on at least an
occasional outbreak of his heels. In
00 B. C., Naaman, captain of the host
of the king of Syria, found opportu-
nity, and used it, to register his pro-
test against the course recommended

PRESIDENT WILSON FIRES INITIAL SHOT IN HIS DRIVE TO AID DEMOCRATIC TICKET

First Appeal of Nations Execu-
tive Issued to "My Fel-
low Countrymen."

DENIES AMERICA CAN
BE LED INTO A WAR

Says the Republican Assertions
on Article Ten Are "Ab-
solutely False."

WASHINGTON, Oct. 4.—His initial
appeal in the Democratic campaign,
issued last night to "My Fellow Coun-
trymen" by President Wilson pleaded
for the endorsement of the League of
Nations. He characterized as "ab-
solutely false" assertions that Article
Ten would create an opportunity for
other nations to lead the United
States into war.

Text of Address

The text of the appeal follows:

"My fellow countrymen:

"The issues of the present cam-
paign and of such tremendous impor-
tance and of such far reaching sig-
nificance for the influence of the coun-
try and the development of its future
relations, and I have necessarily had
so much to do with their development
that I am sure you think it natural
and proper that I should address to
you a few words concerning them.
Every one who sincerely believes in
government by the people must re-
joice at the turn affairs have taken in
regard to this campaign. This election
is to be a gigantic national refer-
endum. The determination of a
great policy upon which the influence
and authority of the United States
in the world must depend is not to
be left to groups of politicians of ei-
ther party, but is to be referred to the
peoples themselves for a sovereign
mandate to their representatives. They
are to instruct their own govern-
ment what they wish done.

Chief Question

"The chief question that is put to
you, is of course:

"Do you want your country's honor
vindicated and the treaty of Versailles
ratified? Do you in particular ap-
prove of the League of Nations as
organized and empowered in that
treaty? And do you wish to see the
United States play its responsible
part in it? You have been grossly
misled with regard to the treaty, and
particularly with regard to the pro-
posed character of the League of Na-
tions by those who have assumed the
serious responsibility of opposing it.
"They have gone so far that those
who have spent their lives, as I have
spent my life, in familiarizing them-
selves with the history and traditions

AMENDMENT WILL PERMIT CARRYING AHEAD DECATUR'S PAVING PROGRAM

Act Loosens Stringent Provi-
sions of Law Limiting Bond-
ed Indebtedness.

LYNNE MAKES PUBLIC
COPY OF THE MEASURE

Council Already Has Taken Pre-
liminary Steps Looking
to Paving.

Decatur's paving program, which
has been temporarily held up because
of an act limiting the amount of
bonded indebtedness of cities having
a population of less than 6,000, may be
permitted to be carried forward, if
Governor Kilby signs a measure pass-
ed by the special session of the leg-
islature, amending the original code.

One hundred and thirty-two bills
now before the state's chief executive
for his signature. The measure,
amending Section 1411, is of par-
ticular interest here, however, Speaker
S. A. Lynne announced on his return
from Montgomery today.

The Decatur city council already
has completed preliminary steps for
improving a number of the principal
thoroughfares of the city, the pass-
age of the amendment removing what
is believed to be the last barrier to
the completion at an early date of
the paving plans.

The success of the amendment was
due largely to the interest taken in
its success by Mr. Lynne. A copy
of the measure follows:

A BILL TO BE ENTITLED AN ACT
To amend Section 1411 of the Code
of Alabama, 1907.

Be it enacted by the Legislature of
Alabama:

Section 1. That section 1411 be and
the same is hereby amended so as to
read as follows: Section 1411—Bonds
by cities by cities of less than 6,000
inhabitants. Any city, town or other
municipal corporation having a
population of less than six thousand,
and not excepted from the provisions
of the constitution prescribing the
limit of indebtedness which may be in-
curred by cities and towns of less

Enough Dynamite to "Blow Up the Town" Stored in New York

(International News Service.)
PITTSBURG, Oct. 4.—Florence Vel-
enska, radical suspect, is in custody
and has informed the police, they say,
that he has secreted enough dynamite
in New York to "blow up the whole
town."

Leon Conkel, a Pole, of 187 E.
Fourth street, New York, was the
former government secret agent who
yesterday learned that Valenska was
transporting dynamite from Cincin-
nati to Brooklyn and informed the

local police. Conkel told the police
that he had made Valenska's acquain-
tance in Cincinnati just prior to board-
ing a train for New-York. Their con-
versation finally drifted to the Wall
street explosion. It was then, accord-
ing to Conkel, that Valenska told him
of the contents of his bag and inform-
ed him of a coming disaster that
would excell in greatness the Wall
street bomb explosion. Valenska ad-
mitted to the police today that he left
New York the day following the Wall
street blast.

27 FREIGHT CARS WRECKED ON L. & N.

Twenty seven cars were piled up
when a Louisville and Nashville
freight train was wrecked late Sat-
urday afternoon near Garden City.
No one was injured.

As a result of the wreck, train
schedules were disrupted and passen-
ger train Number 4, due here short-
ly before midnight, did not arrive un-
til Sunday noon. Engineers Harri-
son and Adams, driving the double-
header pulling Number 4, spent the
night in Birmingham on Pullmans,
drawing rooms being made down for

OTTO MOEBES SAYS MEETING HERE MAY TAKE ACTION HALT NIGHT-RIDERS ACTS

"American Cotton Association"
is Law-Abiding Organization,
Secretary-Treasurer Declares.

MANY OPERATORS ARE
TOLD TO STOP GINNING

Much Excitement Said to Exist
in Some of the Rural
Sections.

Declaring the American Cotton
Association is a law-abiding organiza-
tion, Otto Moebes, secretary-treasurer
of the Morgan County branch, ex-
pressed the opinion today that when
the county meeting is called to order
here Saturday the reported warnings
received by gin operators and store
owners, to shut up their places of
business until cotton sells for 40
cents a pound, will be condemned.

"The American Cotton Associa-
tion is a law-abiding organization and
condemns all outlaw depredations,"
Mr. Moebes said, "when the county
branch meets here next Saturday, I
am confident it will go on record as
disapproving all acts of violence."

"The aims and purposes, are just
the reverse to these acts of violence.
In the execution of such aims and
purposes no mob law or outlaw agen-
cies will be used."

Warnings Given

According to reports received here
four storekeepers at Garden City were
served with warnings, unsigned. They
were: L. E. Price, Nuss and Forst,
G. W. Green and A. Krepzschmar.
Rimal and Compton, operators of a
gin, also were served with anonym-
ous notices.

M. F. Patterson and Son and Har-
rel and Harrel, gin operators at La-
con, this county, also were said to
have found notices posted on their
gins. The notices are said to have
been accompanied by a match.

The posting of warnings has not
stopped the ginning of cotton in North
Alabama, but in some of the rural
sections excitement is said to be high.

A STALWART COMES TO SUPPORT OF GOVERNOR COX

An encouraging thing for the supporters of Cox and Roosevelt at this time is the desertion of Senator Borah from the ranks of the speakers who will directly support the election of Harding and Coolidge. And another is the lukewarm attitude toward his party's success of Senator Hiram Johnson. While these men and others like them cannot be expected to come out for the Democratic ticket, their action will cause many less prominent voters to desert Messrs Harding and Coolidge at the ballot box.

There appears to be withdrawals from the Republican ranks all along the line, but not one voter, in any walk of life who has been for the Democratic nominees, is reported to have joined the Republicans. Up to this time no more prominent man in the nation could be mentioned, when his great age is considered, than President Emeritus, Charles W. Eliot of Harvard University. Dr. Eliot was offered the Ambassadorship to Great Britain by President Taft, and has always been counted a Republican in politics.

The Memphis Commercial-Appeal of yesterday gives special prominence to the first of two papers by Dr. Eliot, in which the claims of the Democratic nominees are ably upheld. Dr. Eliot declared that economic questions were not uppermost in the present campaign, but moral considerations. And he goes on to show that the people of the nation are much more easily aroused and lined up on matters of obligation and national honor than on questions of a purely economic character. After showing the responsiveness of the masses of the people when principle was at stake, Dr. Eliot says:

The first consideration therefore for the thoughtful voter to do is to satisfy himself as to the principles of government which President Wilson believes in and has acted on. The next thing will be to consider what the two Wilson administrations have done for the country.

From numerous quotations from the public addresses of President Wilson, who has been the spokesman of Democracy for the last seven years, it is shown that in every instance the party has been pledged to the consent of the governed. Dr. Eliot gives considerable space in his first article to upholding the covenant of the league of nations, as supported by President Wilson. The bad faith of the Republican Senate as to the league is thus referred after a quotation of one of the President's utterances in which he said that true cooperation for all humanity would cause a new glory to shine upon the people:

That glory did shine, until Republican senators began; first, to interfere without constitutional right—in the negotiations which were going on in Paris, and so to diminish the influence and authority of the American delegate at that conference, and then to urge the whole American people to abandon the course of conduct which President Wilson and the great majority of the Democratic party had advocated, and to adopt the selfish, timid and dishonorable course advocated by the opponents of the league.

And now the Republican platform praises those senators, and the candidate nominated by the Republican convention gives notice that he will oppose the ratification of the covenant and treaty of Versailles.

Harding, voiced his tribute today to those who have fallen in all the wars America has engaged in and pledged anew that the Republic will be handed on to their sons as a "legacy of liberty and a temple of security."

Such bonds when issued shall convey and transfer to the owners thereof all right, title, and interest in and to the assessment, and the lien upon the respective lots or parcels of ground herein provided for, which liens and assessments shall stand as security for such bonds or coupons to enforce the collection thereof by foreclosure in any court of competent jurisdiction. Provided, that the first bond or coupon holder who institutes a foreclosure suit in any court against any property assessed, shall only be entitled to have the proceeds of said suit applied pro rata to the payment of his own bonds and the bonds held by others, so that not more than one foreclosure suit shall be brought against any one lot or parcel of land; and provided further that the costs of such foreclosure suit, including a reasonable attorney's fee, the where the first bond or coupon holder is represented by an attorney in the foreclosure suit, be ascertained by the court and deducted from the proceeds of said suit before it is prorated as herein provided.

President Wilson Fires Initial Shot

and politics of the nation, must stand amazed at the gross ignorance and impudent audacity which has led them to attempt to invent an Americanism of their own, which has no foundation whatever in any of the authentic traditions of the Government. Americanism as they conceive it reverses the whole process of the last few tragic years. It would substitute America for Prussia in the policy of isolation and defiant segregation. Their conception of the dignity of the nation and its interest is that we should stand apart and watch for opportunities to advance our own interests involve ourselves in no responsibility for the maintenance of the right in the world or for the continued vindication of any of the things for which we entered the war to fight. The conception of the great creators of the Government was absolutely opposition to this. They thought of America as the light of the world, as created to lead the world in the assertion of the rights of peoples and the rights of free nations; as destined to set a responsible example to all the world of what free government is and can do for the maintenance of right standards, both national and international. This light the opponents of the League would quench. They would relegate the United States to a subordinate role in the affairs of the world.

Our Responsibilities
"Why should we be afraid of responsibilities which we are qualified to sustain, and which the whole of our history has constituted a promise to the world we would sustain? This is the most momentous issue that has ever been presented to the people of the United States and I do not doubt that the hope of the whole world will be verified by an absolute assertion by the voters of the country of the determination of the United States to live up to all the great expectations which they created by entering the war and enabling the other great nations of the world to bring it to a victorious conclusion, to the confusion of Prussianism and everything that arises out of Prussianism. Surely we shall not fail to keep the promise sealed in the death and sacrifice of our incomparable soldiers, sailors, and marines who await our verdict beneath the soul of France."

"Those who do not care to tell you the truth about the League of Nations, tell you that Article X of the covenant of the League would make it possible for other nations to lead us into war, whether we willed it by our own independent judgment or not. This is absolutely false. There is nothing in the covenant which in the least interferes with or impairs the right of Congress to declare war or not declare war according to its own independent judgment, as our constitution provides. "Those who drew the covenant of the League were careful that it should contain nothing which interfered with or impaired the constitutional arrangements of any of the great nations which are to constitute its members. They would have been amazed and indignant at the things that are now being ignorantly said about this great and sincere document."

"The whole world will wait for your verdict in November as it would wait for an intimation of what its future is to be."

Hartselle News

HARTSELLE, Oct. 4.—The Morgan County Fair which came to a close after four days of the most prosperous period of its history, was indeed a revelation of what can be accomplished by persistent effort.

The early days of the fair association was beset with discouragements that would have completely discouraged less persistent individuals, but with a determination that knows no defeat the individuals believing in the necessity of such an organization kept eternally after it in the face of defeat, and the splendid fair just closed is but the expression of what can be accomplished by judicious effort.

Not only were the exhibits better than on former occasions, but the attendance exceeded former fairs.

The agricultural exhibits would have done credit to state enterprises, the exhibits being more varied and in greater number.

It was indeed inspiring to look in upon those fine county exhibits and to see what nature will do for those who put forth the proper effort.

One agricultural exhibit contained 72 varieties of fruits and vegetables, either in the natural state or canned.

The domestic Science department was full of exhibits contributed by the ladies of the county, most of these were contributed by the ladies of this little city.

The largest attendance of any one day was Friday, Oct. 1st, which the fair management had set aside as Albany-Decatur day. Those splendid citizens of those two prosperous sister cities, did the nice thing by attending in solid phalanx, and they were received with a genuine hospitality and good feeling that did such to make the day enjoyable for them.

Despite that fact that matters over which the flyer had no control kept him away from the grounds until Saturday evening, but it seemed that he was determined to make up for some of the delay, and he resorted to all kinds of air dives, and tumbled around in the air as a bubble tossed by the wind. No landing was effected at the grounds but he evidently thought it best to go back to the landing field where he happened to the accident which kept him out of commission until Saturday. Sunday he took up passengers, and several of our people availed themselves of the opportunity to try the upper elements.

The Morgan County Fair Association has joined the racing circuit, and next season will see as fine an aggregation of pacing and trotting horses that will be seen at any of the state fairs.

The management has already announced many improvements which will be made before another fair is held.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

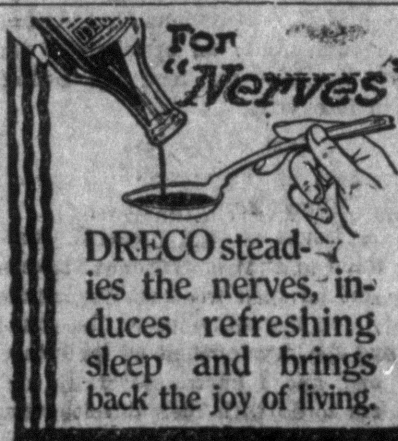

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter If Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and ice, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—Adv.

ALBANY AGAIN ASKS RECOUNT OF CENSUS BY FEDERAL BUREAU

The report that the census of Morgan County included the city of "New Decatur", which appeared in The Daily Saturday, is being promptly investigated by the Albany Chamber of Commerce with hopes of having the records read Albany instead of New Decatur. C. P. McDaniel, Secretary-Manager of the Chamber of Commerce, forwarded a special delivery letter to Washington late Saturday afternoon in which he explained to the Bureau of the Census that New Decatur is now known as Albany and went into detail as to when the name was changed.

Asks a Recount

In his letter, Mr. McDaniel also explained to the Bureau of Census that a majority of the citizens of Albany were very much displeased with the census report given by the government which only showed that Albany has 7,052 people, and that this matter was taken up with Walter F. Miller, of Tusculum, who is the Census Enumerator for the 8th District of Alabama, and that Mr. Miller advised Albany to have one ward recounted and that if it showed an error a government recount would be made.

Mr. McDaniel pointed out in his letter that the result of this recount showed an error of over 300 and so far Mr. Miller has taken no action towards securing a recount for Albany. The Bureau of the Census was asked to take this matter up with Mr. Miller and find out why Albany cannot get a recount.

Here Is a Fine Laxative For a Little Baby

Millions of Mothers find Dr. Caldwell's Syrup Pepsin safe for infants

WHAT young mother has not often asked herself the question, "What is the best thing I can give my baby for constipation?" It is a very important question, as constipation is the basis of most ills of infancy and childhood.

Give half a teaspoonful of a combination of simple laxative herbs with pepsin. You can obtain it at any drug store under the name of Dr. Caldwell's Syrup Pepsin. It is a mild, gentle medicine that children willingly take, and a bottle that costs only sixty cents is enough to last an average family several months.

Dr. Caldwell's Syrup Pepsin has been used by millions of mothers, for the prescription has been sold in drug stores for thirty years. It is the same prescription Dr. W. B. Caldwell, who is now in his 82nd year used in his extensive practice for half a century. It is the largest selling liquid laxative in the world. Last year eight million bottles were bought in drug stores. You can make no mistake in giving Dr. Caldwell's Syrup Pepsin to your baby.

TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 313 Washington St., Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. WRITE ME TODAY.

Begin Right Now to Conquer Your Rheumatism

If you are going to again rely upon the liniment bottle to try to rub your Rheumatism away, you will be doomed again to nothing but disappointment. A disease that can cause so much pain and suffering is not on the surface of the skin, and cannot be rubbed away. Many forms of Rheumatism are caused by a tiny disease germ in the blood, and in such cases the only logical treatment is to search out and remove these germs from the blood.

For this purpose there is no more satisfactory remedy than S.S.S., the fine old blood remedy that has been in use for more than fifty years, and has given such general satisfaction for Rheumatism. Begin taking S.S.S. today, and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Don't Kill the Goose That Is Laying the Golden Eggs

Have you ever given a thought to what would happen if everybody in Albany and Decatur made all of his purchases in some other city?

Business would come to a standstill.

Merchants, manufacturers and bankers would do business at a loss, and finally, go bankrupt.

One by one, the thriving business houses of Albany and Decatur would be forced out of business, their employees would be thrown out of work.

Population would drift away to other cities in search of work.

"For Rent" signs would appear in stores and homes. Property values would dwindle to nothing.

Finally Albany and Decatur Would Be As Dead Cities As Pompeii Or Babylon

Of course, this will never happen. But, the evils of buying elsewhere are sure to have their results, as described above.

You can't spend your money in Chicago, New York or Birmingham without hurting business in Albany and Decatur. The dollar you spend here will buy just as much style, just as good a selection, just as good quality, as elsewhere, and, besides, the Albany and Decatur merchant is always here to MAKE GOOD if your purchase should prove unsatisfactory.

It is for you to decide what kind of cities Albany and Decatur are going to be in years to come,—a live bustling community, prosperous and successful, or a "dead community" with discouragement written all over it.

Worn Down, Out of Heart

Georgia Lady, Worn-out and Tired, Tells How She Was Helped by Ziron Iron Tonic.

THE personal experience of Mrs. Nannie Phillips, of Powder Springs, Ga., is printed below in her own words:

"I was in a worn-out condition. My stomach was out of order. I didn't sleep well. I was tired all the time. I couldn't half eat, and didn't rest well at night.

"I would get out of heart and blue. I would feel like I was going to be down in bed. Yet I kept dragging around.

"We heard of Ziron, and from what I read, I was sure it wouldn't hurt me. If it didn't help me. But after taking it, I found it really helped me, and I sent back for more. I ate better, felt much stronger. I am sure Ziron is a splendid tonic."

Many people, who are worn down and disheartened, due to stomach disorders and nervous fls, find relief by toning up their blood with Ziron Iron Tonic. Tell your druggist you want to try Ziron on our money-back guarantee.

Rev. Wilks Relates of Biblical Kicker

(Continued from Page 1)

by the prophet Elisha. "There are several different classes of kickers, some of them incurable, others for whom there is hope.

1. "We have the chronic kicker. Nothing ever satisfies him. He lives in the objective case at all times. When sick, he should send for the veterinarian instead of the physician. Naaman was not of this class, else he could never have attained to the high position he held; for the chronic kicker never gets anywhere.

"There are those who kick because it is easier to do this than anything else. When asked to give to any good cause, he puts in his objections immediately. If you wish to build a fence around the cemetery, he will say it is a useless expense, for those inside can't get out and those on the outside don't want to get in. Neither did Naaman belong to this class. He would not even have come to Samaria before putting in his protest.

3. "There is one class of kickers worth having. These are the intelligently conscientious objectors. They seek to get rid of the things that harm. Though they often receive abuse, time shows their true value. But Naaman was not of these.

Wounded Pride

4. "He was one of these who kick on account of wounded pride. His 'I thought' lets you into his reason for kicking. He had expected the prophet to make much of him on account of his station in life. He had thought the prophet would go through with some kind of sleight of hand performance for his benefit. And he was disappointed at not hearing some kind of magical formula pronounced. A physician, in speaking of a certain patient, said, 'The oldest, blackest, dirtiest, raggediest, most ignorant negro in the county would be more acceptable to him than me, if he would wave his hands around and do a lot of jabbering over him. And there are many like this. They want something spectacular, or they will put no confidence in it. But Elisha was neither deferring to him on account of his position nor seeking to satisfy his craving for the spectacular. And he got mad, and went away protesting for all he was worth.

Naaman Cured

"But Naaman was cured, first of his kicking, then of his leprosy. In the first place concerning his cure, you will notice that the prophet paid no attention to his protest. And ever this is the best way for the one who is protested against. To argue or seek to mollify the flame of wounded pride but fans it into fiercer flames. Let him kick is a good slogan when he is lamming at you.

"However, Naaman had some friends who were candid enough to tell him in a round-about way that he was acting the fool. And this started him to thinking. And it is hard to think and kick at the same time.

"When Naaman decided to give the Lord a trial, he had nothing left at which to kick. God always makes good on his promises, it matters not how simple they seem. Naaman was cured of his leprosy by giving up his preconceived notions and accepting God's way to heal him.

"In the Bible, leprosy is typical of sin. And you are here who are afflicted with this. You have tried your own way to get rid of it—and you have failed. God's way is simple. Believe on the Lord Jesus Christ, and thou shalt be saved. Abana and Pharpar will not wash sin away, the waving of hands or observing of ceremonies have no potency here, magical formulas are useless; but the blood of Jesus Christ his son cleanseth us from all sin."

"This is God's word to you. Will you protest against something so simple? Or will you give it a trial? If you will act on His words you shall be as surely healed of your sin-sick condition as was the captain of the host of the king of Syria of his leprosy."

Amusements

"OH, BY JINGO" AT THE

MASONIC TUESDAY, OCT. 5 Light airy dashing and snappy are the terms that most adequately describe the entertainment that will be seen in their new vehicle at the Masonic Theatre Tuesday, Oct. 5th. The production has music that is catchy as well as popular and from lines to costumes and scenery the production is new. The lovers of musical comedy will not be disappointed with this new aggregation of players. It may easily be judged from the facts that Low Rose, a noted comedian holds the first place in the cast, and what he is unable to accomplish in the way of jokes, music and good all around frolics is very little indeed. Add to this leader of the show, such entertainers as BABE LA TOUR, ALEX TAINERS as Bebe La Tour, Alex Saunders, Joe West, Margaret M. Abbott, Blanch Mascot and Bernie Clark. The "Oh By Jingo" spells success. The chorus always a chief factor in the best of Musical Comedies has a wealth of pretty girls who have been selected for their singing ability as well as for their ability for dancing. A setting of superb stage equipment rounds out the show with a lively touch that adds conspicuously to the general high tone of the attraction.

Gritty Tooth Pastes Wear Holes in Teeth

Amazing New Discovery Makes Dangerous Tooth Pastes Unnecessary and Assures Perfect Oral Hygiene.

"With some of the much extolled preparations on the market it is quite easy by applying the brush, to cut the tooth half through, exposing the pulp inside of two hours," writes Dr. F. D. Miller, D.D.S., in the Dental Cosmos, the leading magazine of dental surgery.

Gritty tooth pastes act on teeth as sand-paper does, on wood. Dental surgeons everywhere, have long realized the harm that is being caused by them. Not only do they scratch the enamel, and thus hasten discoloration and decay, but they leave the most important part of the job undone. Their coarseness prevents them from penetrating the little cracks and crevices where decay starts. And instead of a sterilizing and healing effect on the mouth, they tear the delicate membranes and gums and so prepare the way for disease.

After many years of experiment and investigation a prominent dental specialist has developed a wonderful

new product which assures perfect oral hygiene as well as strong white teeth. This product, a liquid, made according to an approved and accepted formula has recently been placed on the market under the name of Steroline.

Steroline is not only a tooth cleanser, but is also a pleasing oral antiseptic and mouth wash. A few drops on your tooth brush is all that is necessary. Brush your teeth in the regular way. Steroline does the rest. Its liquid form allows it to penetrate where coarse pastes cannot, and owing to its pleasing antiseptic quality, it sterilizes and builds up receding or spongy gums, leaving the mouth in a cool refreshed condition, the teeth clean, and the breath pure and sweet.

So sure are the producers that you will find Steroline all and more than is claimed, that they are making an unreserved money-back guarantee. Buy a 60-cent bottle from your druggist today. Try it a week, and at the end of that time if you are not thoroughly satisfied—return the cardboard box and your money will be refunded at once.
